November 2015

NEWS

- The Wednesday gang have been continuing with the usual maintenance of the site, would you believe we're still cutting grass!
- Friday 13th saw Trev Matthews and myself attend the night run at Nottm Society organised by John Akinen. One loco in steam on the 7¹/₄, and numerous on the 5". A really good turnout with the added bonus of grub laid on, the highlight being the excellent chilli concocted by John to the age old recipe of chuck it the pan and give it a stir! Well done John and thanks for the invite.
- Sunday 15th – Running Day. I have recently relocated and rewired the sound card on the class 66 so took it along to give it a trial ahead of putting it up for sale next year. The test proved successful, but was a bit lonely as no other locos were running. Let's try to make these dates regular runs in 2016.
- For those members visiting other societies, new insurance certificates are now available. Anyone requiring a copy should contact either Alan Budd or myself

FORTHCOMING EVENTS

- 12 December – Visitors Rally at Nottm Society
- 20 December – Club Running Day
- 1 January – New Year Run

Merry Christmas and a Prosperous New Year to all our members
